Legacy: 2nd Edition To Profound Bestseller Letters To My Daughters

Cochrane admits that some species of non-human animals may indeed possess autonomy in this sense, for example, great apes, whales, and dolphins, and although he appears to be suspicious of this, he does admit that if this is the case, then these animals would deserve liberation freedom in order for their rights to be respected properly, since in this case autonomy, moral agency, and, thus, dignity, are the ground of their rights see 26- However, throughout the book, the main focus is on the nature of the rights that most non-human animals possess and the proper consequences that follow from acknowledging that because these rights are not grounded in autonomy, respecting them does not require animal liberation.
